Working methods

Through its member Academies, Euro-CASE acts as a permanent forum for exchange and consultation between European Institutions, Industry and Research.

Euro-CASE has access to the most distinguished experts in Europe and deals with technological issues with a clear European dimension.

➤ **Bottom up**

a Euro-CASE Academy suggests an issue to become the theme of a Euro-CASE study

➤ **Top down**

a European institution or another organisation asks Euro-CASE to set up a study on a specific issue
