

## Karel Luyben

Karel Luyben is Rector Magnificus Emeritus of the Delft University of Technology as of 2018, after serving as Rector Magnificus for 8 years and as Dean of the Faculty of Applied Sciences for almost 12 years. In 1983 he was appointed full professor in Biochemical Engineering at TU Delft. Presently he is primarily active in the domain of Open Science. He is National Coordinator for Open Science in the Netherlands; Chairman of the Board of the Dutch Techcentre for Life Sciences; involved with the Open Science Task forces of CESAER and EUA and since December 2019 he is President of the European Open Science Cloud Association (EOSC-A). He provides consultation services to research organisations, industries, and governments.
